

NAEP 2015 OHIO PARENT/GUARDIAN NOTIFICATION LETTER
Grades 4, 8, and 12: Mathematics, reading, and science technology-based pilot assessments

January 13, 2015

Dear Parent or Guardian:

We are pleased to notify you that **Akron Digital Academy** has been selected to represent schools across the nation by participating in the National Assessment of Educational Progress (NAEP). First administered in 1969, NAEP is the largest nationally representative and continuing assessment of what students know and can do in various subject areas. It is administered by the National Center for Education Statistics, within the U.S. Department of Education. NAEP is different from state assessments because it provides a common measure of student achievement across the country. The results of NAEP are released as The Nation's Report Card, which provides information about student achievement to educators, parents, policymakers, and the public.

In our school, the NAEP assessment will be given on **February 10, 2015**. Your student (**may be/has been**) selected to take a pilot assessment on a tablet that may cover mathematics, reading, or science. In addition to answering questions in one of these subjects, students will be asked questions about themselves and their educational experiences, such as the amount of reading they do and the types of classes they take. These questions provide contextual information for the assessment, as well as information that may be related to students' learning. If you would like to view sample subject area and contextual questions, please visit <http://nationsreportcard.gov/parents.asp>.

It will take about 120 minutes or less for most students to participate in the pilot assessment. The results are completely confidential (in accordance with the Confidential Information Protection provisions of Title V, Subtitle A, Public Law 107-347), and the information provided will be used for statistical purposes only. Your student's grades will not be affected. A student may be excused from participation for any reason, is not required to complete the assessment, and may skip any question. While NAEP is voluntary, we depend on student participation to provide an accurate measure of student achievement that will inform improvements in education. Your child will represent many other students, so participation is very important. However, if you do not want your child to participate, please notify me in writing by **February 2, 2015**.

There is no need to study in preparation for NAEP. We do ask, however, that you encourage your child to do their best and get plenty of rest the night before the assessment. A brochure that explains what participation in NAEP means for you and your child is available at <http://nces.ed.gov/nationsreportcard/pdf/parents/2012469.pdf>. Should you have questions, or if you would like a copy of the brochure, please contact me at **330-237-2231** or at kaskew@akrondigital.k12.oh.us.

We are excited that our school will be participating in NAEP. We know that our students will show what our nation's students know and can do.

Sincerely,

Kelly Askew
Director of Curriculum and Instruction

335 South Main Street Akron, OH 44308 330-237-2200
